

HOLAA!

CONSENT 101

Consent is mandatory. Period. Any sexual acts in the absence of consent is rape.

1

Consent is not just about sex

Consent is about respecting people's autonomy, bodily integrity, and right to pleasure.

2

Consent is an active choice

Consent must be made consciously and given vocally and enthusiastically. Minors or people under the influence cannot give consent.

3

Consent is given freely

Consent is based on equal power. Consent is not possible if coercion is present.

4

Consent is ongoing

Consent is both continuous and specific. Consenting to one act doesn't mean consenting to everything. Consent can be withdrawn at any time.
